If this time could be allowed the crops can be saved. If however the military authority want it at once they may be requested. The Comp. Compensation can be assessed in due course. As this area actually required has not been demarcated it is difficult to estimate the amount of Compensation at this stage.

SECRET

From - The Secretary to the Hon'ble the Resident in Mysore.
To - The Chief Secretary to the Government of His Highness the Maharaja of Mysore.

Dated Bangalore, the 26th October 1942.

Subject: Lands - Krishnarajapuram.

Sir,

The military authorities desire to construct a godown in Krishnarajapuram on a site adjacent to the existing Advance Base Supply Depot in order to utilise the existing railway siding facilities. The area of land they require in this connection is approximately 15 acres.

2. As they desire to begin the construction work and complete the project with the least possible delay, the Hon'ble the Resident would be glad if the Government of

Mysore

Mysore would kindly accord their sanction to the military authorities taking over the land in question at a very early date.

I have the honour to be

Report No. MB1-P.R. 88/43-44 dated 28-10-1943 from the Sub Division Officer & Civil Officer, Bangalore to the Revenue Commissioner & Civil Representative in Mysore.

***

As directed by you yesterday, I met Captain Thompson at the Sub Area Head Quarters this morning at 9-15 A.M. and he sent Lt. Herbert, Assistant Garrison Engineer, Bangalore with me whom I took to Krishnarajapur for inspection of the lands. The plot required by the Military authorities for putting up an installation for war purposes extends over S.Nos. 111, 114, 115, 116, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 and 13 of Kayamgutta Vijanapura village. Of these S.Nos, 111, 114 and 115 and portions of 116, 4, 5, 6, 7, and 8 have already been included in the area originally applied for by the Military authorities for Advance Base Depot and as such, no payment of fresh compensation arises at present in respect of these lands. The blue print now prepared for the proposed extension as shown to me extends to S.Nos. 3, 10 and parts of 9, 11, 12 and 13 and the Assistant Garrison Engineer who accompanied me stated that he intends starting construction by about 1st November 1943, by which time, he hopes to demarcate the boundaries of the area proposed to be occupied by them. Of the new extent that is now requisitioned, S.Nos. 3, 9, 10, 11, 12 and 13 are all under cultivation and the assessment of crop compensation could definitely be fixed after the military authorities locate the boundaries of this area. The Assistant Garrison Engineer has promised to send a copy of the blue print and on receipt of it, I get it reconciled with the Revenue map and submit further details. The Assistant Garrison Engineer has promised to start construction from the adjoining fencing which is well within the area already leased out to the military. I suggested to him that the construction of buildings in the plot under cultivation may, if possible, be deferred till the standing crops are harvested. He stated he would see how far he could accommodate in this behalf.

The proposed construction was confidentially ascertained to be meant for Ghee Melting Installation. Some of the ryots of Vijanapur who were present at the time were apprised of the fact that the military authorities are likely to occupy the plots referred to above

above urgently and they had no objection to this. There were 3 evacuation plague sheds put up by the villagers in S.No. 10 which were arranged to be removed by the time the military start construction. -
